JOIN THE SPORTS LABS TEAM!

*Testing technology that drives the
FUTURE OF SPORT*

Are you ready to kick-start your career in the world of Sports Testing? If you are eager to learn and develop, we have an exciting opportunity for you at our Head Office in Livingston!

ABOUT US

Sports Labs is at the forefront of innovation in sports surface and sports equipment testing. We are the largest sports product testing facility in the world, with more than 25 years' experience in the sports surfacing and materials testing industry. Everyone on our team is committed to providing the best possible customer service and support, and we continuously offer the most reactive and client friendly service on the market. Our team are also dedicated to the development of new methodologies that drive product quality forward.

We're looking for an enthusiastic Trainee Technician to join our team and play a crucial role in our laboratory operations. As a Trainee Technician, you'll be an integral part of our laboratory structure, supporting our experienced team in preparing, testing, and analysing a variety of sports surfaces and sports equipment.

KEY RESPONSIBILITIES

- Assist the laboratory staff in conducting tests on sports surfaces and sports equipment
- Responsible for efficiently organising and managing test samples in and out of the laboratory
- Collaborate closely with your colleagues to ensure smooth laboratory operations
- Communicate effectively within the team, as clear communication is essential to our success
- Contribute to the ongoing efficiency improvements of our laboratory operations

WHAT YOU'LL BRING

- A desire to learn and develop your skills in a laboratory environment.
- Organisational abilities and attention to detail
- Effective communication skills to collaborate with the team
- The ability to work with fellow technicians and integrate into the laboratory environment

PREFERRED REQUIREMENTS

- Knowledge of Microsoft Office
- Hold a valid UK drivers license
- Previous work experience
- Enthusiastic attitude
